

Living with Respiratory Disease can be challenging...

We can help!

Respiratory Disease Management Program

Shrivers Pharmacy and Interim HealthCare have partnered together to provide the tools necessary to help individuals manage chronic respiratory disease in their own homes.

Individuals enrolled in the Respiratory Disease Management Program will learn how to:

- *Prevent disease progression*
- *Relieve symptoms*
- *Improve exercise tolerance*
- *Improve health status*
- *Prevent and treat complications*
- *Prevent and treat exacerbations*
- *Reduce ER visits and hospitalizations*

Services may include:

- *Screening and assessment*
- *Education*
- *Home health visits by Interim HealthCare nursing staff*
- *Physical/Occupational therapies*
- *Medication consultation*
- *A complete treatment program coordinated through your primary care physician*

Available to residents in Perry, Morgan and Muskingum Counties

Cost of the program is covered by Medicare and most insurance plans for qualified individuals
